REPORT OF THE PRESIDENT OF THE PRESBYTERIAN HOSPITAL

To the Members of the Society, the Churches and all our other Friends:

In my report of the preceding year, the effect of the European war on the administration of the Hospital in largely increasing the cost of our service was emphasized at some length. Continuing another year as it has, this unfortunate effect has increased and intensified. Many medical and surgical supplies cannot be obtained and all others have greatly increased in cost. In a recent comparison of various drugs issued by a prominent chemical manufacturer, 35 articles were mentioned. The smallest advance was 100 per cent and the highest thirty times the normal price. A drug often used has advanced from 85c to \$25.00 per pound. For six months past suitable employes have been difficult to obtain and wages have steadily advanced. The price of all food and general supplies has advanced to the highest figure ever known. These facts have contributed to a material advance in the cost of administration. It is therefore very gratifying that the year closed with a small balance to the credit side. In looking forward, it is evident that our cost will continue to increase and that until there is a material change in the conditions mentioned we shall find it more and more difficult to carry on our work.

The pressure for rooms and beds, which has been present for a long time, has been more intense (the past year) than ever before. We have been utterly unable to care for those who have wished to come to us. For months there has not been a vacant room in our pavilion, and our staff was obliged to treat many patients elsewhere. Very reluctantly, after long consideration, the Board of Managers decided that an increase of capacity was inevitable. It was determined to remove the roof on the Jones building and carry the floors two stories higher. Also to extend the private Pavilion to the Power house. As soon as plans could be prepared, work was commenced and was pushed during the fall and winter. The extension of the Jones Building gives us two exceedingly fine floors, with large and small wards on each, and all necessary room for administration. There is a sun parlor, partly covered for inclement weather, and furnishing facilities for convalescent patients to be in the open air, which has been greatly needed. The Jones Building is now very well equipped in every manner and most satisfactory for the care of our patients. The Private Pavilion addition contains thirty-three very desirable rooms, all with connecting baths, and equipped throughout with every requisite for the care of private patients. If it could have been opened by January 1, every room would have been

filled within a week. It will be ready for occupancy by the last of May and will undoubtedly be partially filled all summer, with the prospect of being full by the late fall months. The capacity of the Hospital will be 425 beds, and this is as large as any such hospital should be, if due attention is to be paid to the personal contact of the administration with our patients and their friends. This I consider to be of the utmost importance, and differentiates a real hospital from an institution. The cost of the additions and furnishings will be about \$275,000. Inasmuch as it is the settled policy of the Board of Managers to add to our Endowment Fund all bequests, whether restricted or not, and all gifts not specially given for building purposes, we have no funds to defray this cost. After all contracts are filled, we shall owe something less than \$250,000, which we are carrying as a floating debt. There is no encumbrance on any of our real estate. It is our intention to make an effort at an early date to obtain funds to liquidate this indebtedness. We confidently submit our record and our condition and our opportunities for service, and ask for this help to fully establish our Hospital.

Fortunately, contracts for everything were let before the rise in all prices, and it is my belief that the same work at the present time would cost at least \$60,000 more. It is not intended to enlarge the Hospital beyond this limit. If our friends continue their assistance as generously as they have in the past, we hope in every way to improve all of our standards of service and keep well abreast of all advances in medical and surgical practice.

During the year we have received the following amounts, which have been added to our Endowment Fund:

Estate Nelson B. Holden	\$ 588.80
E. H. B. Fund	3,500.00
Ministers' and Missionaries' Room Fund	3,535.00
Estate F. W. Crosby	10,000.00
Byron L. Smith Memorial Fund	10,000.00
William Stanley North Fund	10,000.00
Dwight Lawrence Fund	10,000.00
Estate Thomas S. Kirkwood	61,839.11
Estate Henry H. Forsyth	5,000.00
John P. McWilliams Fund	5,000.00
R. T. Crane, Jr., Fund	5,000.00
Estate Thomas Murdoch	66.68
Frederick H. Rawson	10,000.00

Mrs. Albert A. Sprague died March 28, 1916. She is mourned by a large circle of friends, who appreciated, as did all who knew her, the rare charm of her beautiful character and her loving, kindly and gentle presence. And we mourn her also as one of the strong friends of the Hospital.

One of the most notable gifts ever made to the Hospital was the sum of \$110,000.00, given by her April 30, 1915, for the purpose of cancelling the mort-

gaged on the Sprague Home for Nurses. This leaves the beautiful memorial to the two brothers, O. S. A. and Albert A. Sprague, free of encumbrance.

Our service increases yearly. We admitted 8,241 persons, an increase of 543 over the previous year. The very low death rate of four previous years, including all emergency cases, has been sustained, and was for the year 2.8 per cent.

Our Nurses' Home has been of constantly growing advantage to us. It has enabled us to take care of our nurses in a suitable manner and has so developed that it is a real home and resting place for the members of our School, who appreciate it very thoroughly. It undoubtedly is a factor in enlarging the number of pupils who apply for entrance and also gives us a selection from the best type of women. Our spring class is so large that with the addition of a large number of acceptances for the fall, the capacity of the Home will be taxed to its utmost.

The Woman's Auxiliary Board has been of great value. The scope and extent of its work and the devotion of its members to the Hospital and its interests, are acknowledged with sincere appreciation.

The Social Service Department grows in efficiency and usefulness, and only needs an increase of funds to become a very potent factor in the welfare of our patients.

Excellent work has been done by the Out-Maternity Service. We have been unable to meet the demands upon it, but will enlarge it as rapidly as we are able.

Our teaching and research work has been carried on in connection with the Rush Medical College and the O. S. A. Sprague Memorial Institute, and has shown steady and improved advances.

The functions of a hospital include the training of young men for the practice of medicine. Our affiliation with Rush Medical College has made this an important part of our service to the community.

Of late it has been realized that the training of a physician must include a period of more intimate association with hospital patients, than he can gain from attendance upon such a form of clinics as have been given heretofore by the lecturers of the college. Therefore, the effort has been made to bring the student into the Hospital, to the bedside of the sick, where he can study the daily progress of disease. During the past two years, groups of twenty to thirty students have been given personal bedside instruction in the surgical wards of the Hospital, each quarter of the year.

These students are required to write histories and examine the patients wherever this is not incompatible with the general welfare of the patient. It is the purpose of such instruction to acquaint the student with the manner of approach of a patient, as well as with the details of treatment which can be learned in no other way.

This instruction is given every day, except Sunday, by members of the surgical staff of the Hospital and of Rush Medical College. To the medical wards, thirty students are admitted at the beginning of each quarter of the year. These men serve for three months in the capacity of clinical clerks. They are

organized in squads of ten, and the work of each squad is supervised by a house physician. Each clerk has assigned to him a group of four or five patients. It is his duty to record the history and physical examination of each of these patients. The history he obtains himself and the examination he makes independently. His results are checked and corrected by his house physician and are then filed with the patient's record. The value to the student of such practical experience cannot be overestimated. The Hospital records are more complete and systematic, and it has been our experience that the patients appreciate the additional attention which they receive.

The Hospital is peculiarly fortunate in the devotion of its staff to the best interests and the advancement of the Hospital, not only in the care of the sick, but also in its teaching and research work, which occupies a very prominent position in the functions of the Hospital. This staff gives most freely of time, ability and devotion to the Hospital, with most loyal co-operation with each other, and with the administration, in a manner entirely unique in the history of hospitals.

To summarize, the year has been a very busy one for all concerned in the administration. Our large building operations have brought great confusion and difficulty, and increased expense, but have not seriously curtailed our work. In all departments of our service the result of our year's work shows advance and improvement. Our friends have been very generous with their gifts, and this generosity we acknowledge with much gratitude. To all who have worked for us and with us, medical staff, house staff, superintendent and employes; to the principal of the School for Nurses, her assistants and pupils, we give our sincere thanks and appreciation, each and all.

ALBERT M. DAY, President.

5. No patient shall be allowed to remain in the Hospital longer than three months, except upon the recommendation of the attending physician or surgeon.

THE THIRTEENTH ANNUAL REPORT

OF THE

School for Nurses

OF

THE PRESBYTERIAN HOSPITAL

Mr. President and Members of the Board of Managers:

It is my privilege to present the thirteenth Annual Report of the School for Nurses. There has been in residence at the Sprague Home an average total of 162. Of these, 20 compose the staff of graduate nurses, including superintendent and assistants, supervisors, instructors, head nurses and three domestic science graduates; and an enrolled student body of 142, 114 of these latter being accepted pupils and 28 in the preliminary department.

As in former years, every effort of the nursing staff has been called forth in its manifold duties of educating the students of the School, nursing the sick of the Hospital, meeting the demands of the Rush Medical College, of the Central Free Dispensary and those other demands which, while less local, are important and inseparable from a work so vital to the life of the community as a nursing institution must be.

It is believed, in summing up this year's work, that we may justly claim some little advance from last year's stage of progression. It is considered that our methods of instruction are somewhat improved and that the general discipline, and, most important, the "spirit" of the personnel of the nursing staff are a little nearer the ideal which has been before us for thirteen years.

What progress has been accomplished is due to many causes, among them being the loyalty and hard work of the graduate nurse staff. Some members of this staff have been with the school for many years: Miss Russell, whose influence and personality and teaching are of much value to our students; Miss Forrest and Miss Snow, the latter one of our own graduates, by whose faithfulness and attention the detailed nursing work of the Hospital is carried on; Miss Till, whose surgical skill is an example to be emulated; Miss Aylward, by whose economical and expert management our Home is made comfortable; and the others of the staff, each of whom it would be pleasant to name, for each has done her share, in teaching or supervising or setting an example of good work and ethical conduct, and to each of whom we are grateful.

Without the continued assistance of the members of the staff of the Presbyterian Hospital and of the Rush Medical College, in class and laboratory work, progress would be impossible, and we are indeed most grateful to all of these gentlemen for the time they have devoted to us, also to Dr. Gill and to Dr.

Gay for the valuable lectures they give to the School each year, and to Mr. Gray for his painstaking instruction of the pupils in the Pharmacy.

Of great importance to the happiness and comfort of the nurses, and undoubtedly an incentive to them to do more loyal and better work for the institution has been the active interest, during the past year, of the Woman's Auxiliary Board. Miss Drake, Chairman of the Nurses' School Committee of the Woman's Board, her Committee and the Board itself, have been very generous in her gifts, the most conspicuous of these being the furnishing of an attractive sitting-room and tearoom on the roof, of which the nurses are exceedingly proud; the gift of \$250 by Mrs. A. A. Sprague, to furnish two of the ten small corridor alcoves not yet equipped; and a Victrola, with many records, from Miss Drake, in memory of Mrs. John B. Drake. It is believed that the pleasure of the nurses in the constant use of these gifts is the most acceptable thanks to these generous donors.

The reference library of the School not having been added to for some time, a recent request for donations of standard nursing and medical textbooks was made, with the result that Dr. Billings provided seven copies of Osler, Dr. Ormsby donated his own text-book, just out of print; Dr. Shaumbaugh three books; Mr. Day subscribed \$25, Dr. Webster \$25, and several other members of the staff promised books.

While accepting much this year, the students of the School have not been lacking in initiative. At their urgent request and with the assistance of Mrs. Graham and others of influence, the local Young Women's Christian Association of Chicago was prevailed upon to grant to the National Young Women's Christian Association the privilege of organizing a student branch in the School, similar to those established in the colleges of the country. This Nurses' Christian League, which at the time of organization, represented the second known organization of this nature in any nurses' school in this country, has lived through its first year successfully, shows promise of permanency and has most decidedly been an influence for good in the School. The second undertaking of the nurses was to substitute a new piano for the one which had been used from the early days of the School, in 1903. By candy making, which all the friends of the School purchased; by many other forms of endeavor, and with money assistance of \$25.00 from Mr. Lathrop, \$25.00 from Mrs. Ernest Hamill and Mrs. Corwith, \$5.00 from Mrs. Reed, the nurses secured \$400.00; Mr. Ernest Hamill donated \$100.00, the Cable Piano Company \$150.00 and allowed \$100.00 on the old piano, so that the new grand piano was secured for the Home.

Progress of any kind in a nurses' school meaning benefit, through the nurse—either as pupil or graduate—to the institution, to the patient, to the Home, it would seem not selfish but logical and wise to keep on asking for more interest, more gifts for the Nurses' School, so that progress there might be continuous.

It is for this reason, again, after many years of asking, but with renewed hope each time, that the need of generous endowment for the Nurses' School

is presented. The reason for its need is the reason of all teaching institutions, and unnecessary to be specified in detail.

With the early additional number of private rooms and ward beds in the Hospital, a larger nursing staff will be required. As applications of suitable candidates for entrance into the School continue large, no difficulty is anticipated in securing a sufficient number of nurses. The problem, however, again rises of bedroom accommodation and the present arrangements in the Sprague Home will have to be changed somewhat to meet the additional work to be undertaken in the Hospital.

During the past year there has been on duty in the Presbyterian Hospital a daily average of 13 graduate nurses, 2 dietitians, 94 accepted pupils and 28 probationers, making a total permanent nursing staff of 137 on hospital duty. In the Central Free Dispensary there has been a daily average of 4; in the outdoor obstetrical department, 2; in the Social Service department, 1; off duty for illness or other causes, 14. These, with the principal, assistant to principal, school nurse, and Domestic Science graduate in the Sprague Home, account for the 162 residents.

Pupil nurses have accomplished 102 days of special nursing and graduate nurses 16,089 days. In the District Obstetrical Department, 3,620 calls were made in the homes by graduate and pupil nurses; 1,455 days of nursing was accomplished in the Central Free Dispensary, and 358 days in the Social Service Department.

In 1915 forty nurses were granted diplomas, this being the largest class graduated by the School, bringing the number of graduates to 233. These graduates are engaged in many of the branches of nursing work and are scattered all over the world, some as far distant as Persia, Egypt, Syria, Alaska, with a few still in Europe, engaged in army nursing. The third death to occur among our graduates is that of Miss Dorothy Smith of the class of 1913 by accidental drowning in April, 1916, the tragedy of her death being relieved somewhat by the expressions of respect and esteem from the institution and the people with whom she had been associated.

We offer hearty thanks to all who have been interested in the work and life of the School: To Dr. Herrick, Dr. Irons and Dr. McBride; to Dr. Friedberg, Dr. Everett, Dr. Shambaugh, Dr. Wilder, Dr. Moorehead and the other members of the staff of the Hospital and the Dispensary who have given medical assistance to the nurses; to the donors of the School and to all who have provided pleasure or recreation; to Mr. Bacon and his staff, and to the Board of Managers of the Presbyterian Hospital.

Respectfully submitted,

M. H. McMILLAN.

The Committee having previously proposed for election a new member to complete the number. Following the Annual Meeting the Committee shall elect its own chairman and secretary. Three months before the Annual Meeting the chairman shall call her committee to prepare a list of names for officers to be presented for election at the Annual Meeting; also for a class of the Executive Committee to serve three years; and to fill vacancies occurring in the two remaining classes. It shall also be the duty of this Committee to present names for election to fill vacancies in office occurring during the year;

(11) THE SPRAGUE HOME FOR NURSES COMMITTEE shall consider applications for scholarships supported by the Board and with the approval of the principal of the school extend loans to students. It shall also keep the Board informed of matters of special interest concerning the Home;

(12) THE SOCIAL SERVICE COMMITTEE. Social Service supported by the Woman's Auxiliary Board, under the control of the Superintendent of the Hospital, shall have an Advisory Committee. The President of the Woman's Board shall be Chairman of the Committee.

The Committee shall appoint its own Vice-Chairman and Secretary. Its object shall be to supplement the usual work of the Hospital by ministering to outgoing patients who may need assistance;

(13) THE THANKSGIVING LINEN OFFERING COMMITTEE shall have charge of gifts of linen or money as a "Thanksgiving Offering."

8. The Constitution and By-Laws may be amended at any Regular Meeting of the Board. Notice of such amendment having been given at the previous Regular Meeting.

FOOTNOTE.—By action of the Board the ADDITIONAL ACTIVE MEMBERSHIP LIST shall not be increased.

Total number of schools contributing, 61.

Total amount of collection, \$1,183.11.

MRS. J. E. SLATER, Chairman.

MRS. F. W. MAIN, Chairman Pro Tem.

DELICACIES

The distribution of labels bearing the words Presbyterian Hospital was continued with wonderful results, as the following report shows:

3,349 glasses of jelly.

470 bottles of grape juice.

546 jars of preserves.

With generous contributions of canned goods, fresh fruits and vegetables, and, for the two holidays, Thanksgiving and Christmas, 1,000 pounds of turkey, 50 pounds of bacon, 7 gallons of oysters, 18 gallons of cream, 25 pounds of butter and fruit and nuts.

Cash contributed, \$463.65.

MRS. CHARLES A. REED, Chairman.

DEVOTIONAL AND VISITING

This committee has continued in its beautiful, faithful service for the Master by visiting, at least once a week, those to whom the visits bring joy and comfort. No absolutely correct account is kept of the number of visits made, the thought being rather of the many wrecked lives and broken hearts that are brought into closer relation with the Great Physician through this ministry.

As the endowment on the room for Ministers and Missionaries is about completed, a report of its usefulness belongs with this committee's report, as those occupying it are regularly visited.

There have been admitted during the past year 9 missionaries, 2 missionaries' children, 17 ministers, 15 ministers' wives, 8 ministers' children, 1 missionary candidate, writes Mrs. Belfield, chairman of the committee. The countries represented were: India, 1; West Africa, 3, and the Philippines, 2. Besides missionaries, other Christian workers have had the benefit of the bed.

The cost to the hospital has been \$2,661.90.

The Woman's Presbyterian Board of Missions of the Northwest has paid \$2,500 promised; the Woman's Auxiliary Board of the Hospital has paid \$6,500 on the \$7,500 promised, leaving a balance of indebtedness of \$1,000 for the Woman's Auxiliary Board.

Mrs. JANET SMALL, Chairman.

Mrs. H. H. Belfield—In charge of Room for Ministers and Missionaries.

ENTERTAINMENT COMMITTEE

On account of building operations, the enlarging of the hospital, the chapel, where all entertainments are given, as well as the elevator leading to it, have not been in use during the year and no entertainment except the one at Christmas was attempted. That, however, was of unusually high order, consisting of readings by Mrs. Belle Watson Melville, and music by Miss Marie Ludwig, harpist; Miss Alice Love Cramer, soprano, and Miss Mary Cameron, pianist and accompanist.

MISS DOROTHY BLATCHFORD, Chairman.

FINANCE COMMITTEE

Social special service, entirely supported by the Woman's Auxiliary Board, furnishings, scholarships and loans for nurses, the Christmas entertainment and the room for Ministers and Missionaries, the endowment of which is nearly completed, are each beneficiaries of this committee's funds.

Money received for these appropriations is obtained from four sources: the annual dues of active members, through pledges of active members, from the associate membership, and from special gifts. All other money is already appropriated when received.

The amounts received for this year are reported as follows:

Special gift from Mrs. McCormick.....	\$1,000
Special gifts for Christmas hospital entertainment.....	332
Pledges from 104 active members.....	2,953
Gifts outside of membership.....	740
Total	\$5,025

We are encouraged to know that even as last year's amount exceeded that of any other year by \$300, so this year's amount exceeds by another \$300 and more.

MRS. EDWARD BLAIR, Chairman.

FURNISHING COMMITTEE

The Furnishing Committee gives as the total amount of receipts \$2,728.25, which was expended as follows:

2,400 pillow slips,
2,004 sheets,
1,200 napkins,
441 dimity spreads,
181 $\frac{1}{4}$ yards of damask for tablecloths,
93 $\frac{1}{2}$ yards of damask for tray cloths,
120 coat hangers,
120 skirt hangers,
63 plate glass dresser tops with cretonne for lining.

Over 6,000 soap wrappers were collected and exchanged at Jas. S. Kirk & Co. for 22 dozen teaspoons; another 2 dozen were given by the company.

Miss Jenks, in charge of church sewing for the hospital, reports a goodly number of articles upon which the church societies have been helpfully busy during the year, a grand total of nearly 5,000 separate pieces.

MRS. HENRY M. CURTIS, Chairman.

HOSPITAL BULLETIN

(Issued quarterly, subscription price 50 cents.)

1,700 copies issued, at a cost, including envelopes and mailing, of \$163.03.
Number of subscriptions, 114.

MRS. JAMES B. HERRICK, Chairman.

LIBRARY COMMITTEE

The committee calls attention to the annual book shower in June, on which it depends largely for summer reading for patients.

Because of occasional calls for books between regular monthly meetings, the committee plans to have hereafter at least one member at the hospital each week long enough to receive books that have been returned, and to supply individual calls for "something to read."

During the year the gifts of readable books have been most unusual. Several sets for older boys and girls have been received, also several boxes of

light reading, each containing from 20 to 40 volumes, besides selected short stories, bound and sent by the Silver Cross Circle of the Normal Park Church, scrapbooks, pictures and toys.

MRS. B. M. LINNELL, Chairman.

NOMINATING COMMITTEE

For report, refer to list of officers for ensuing year.

MRS. L. T. WOODCOCK, Chairman.

SOCIAL SERVICE

Monthly meetings were held by this committee on the last Wednesday of each month, except during July and August.

Detailed reports of the work were given by Miss Breeze, head of the Social Service department; by Miss Rahtge, in charge of the children's ward; by Miss Covert, bedside instructor, and by Miss Fowler, in charge of kindergarten work, established October, 1915. Special speakers were heard from organizations with which the department co-operated.

Three items of special interest were: the forming in July, 1915, of a Nurses' Christian League with 107 student nurses as charter members, connected with the student movement of the Y. W. C. A.

The completion of a very interesting and absorbing task, that of converting the large bare corridor connecting the two roof gardens on the ninth floor and the empty room opening from it to the north into an attractive, comfortable sun parlor and rest room; and the purchase of a new piano, largely by the efforts of the students themselves.

A number of graduate nurses are doing Red Cross work in Russia and in the army hospitals of England and France.

The committee reports a holiday gift of Victrola and records, and from Mr. Ernest Hamill the Christmas dinner.

REPORT OF THE RECORDING SECRETARY FOR THE YEAR ENDING MARCH 31, 1916

Since the last annual meeting, April 5, 1915, the Woman's Auxiliary Board has held meetings each month, with the exception of July, August and September.

The Executive Committee has also held nine regular meetings. There have been sixteen new members added to the roll and six resignations. The Board has lost two of its members by death, Mrs. Mary Hamilton of Drexel Park Church and Mrs. A. A. Sprague, honorary vice-president.

The largest attendance was 111, in the month of December, the smallest being 59, in the month of June, making the average attendance 94. The present enrollment is two hundred forty-eight (248), including nineteen (19) honorary members. There are forty-nine churches represented, of which forty-seven are Presbyterian and two are Congregational.

MRS. PERKINS B. BASS, Secretary.

REPORT OF THE CORRESPONDING SECRETARY FOR THE YEAR ENDING MARCH 31, 1916

The office of corresponding secretary of the Woman's Auxiliary Board of the Presbyterian Hospital was established at the first meeting after the summer vacation, beginning October 4, 1915. Since that time 73 letters have been written and 21 letters have been received. Of these fourteen have been letters of welcome to new members, four have been sent with regrets to those resigning from our Board and three others to those in sorrow; 52 were miscellaneous letters. A complete list of names, numbering nearly 300, to whom our Bulletin is sent each quarter, is now within my keeping. This little pamphlet gives a summary of the work done by the Woman's Board in its many departments and other items of interest from the hospital in general. Next month another issue is due. May we add your name to the list and your 50 cents to the treasury?

JESSIE A. PENFIELD, Corresponding Secretary.
